No packages or products that may be dangerous or hazardous to handling staff will be accepted..

To comply with strict regulations we will not carry any substances classified as dangerous in the latest edition of the IATA publication.

Also prohibited are: Shipments with inherent vice; Shipments which by their nature are likely to soil, impair or damage persons, merchandise or equipment; Goods the carriage of which is prohibited by law in the country of origin, transit or destination; Goods which attract excise duty or which require special facilities, safety precautions or permits.

It is the sender's responsibility to comply with current government regulations or laws applicable in each country. Not all commodities can be shipped to all countries.

Further information is available on request. Please contact us before placing any order if you are unsure of the classification of your consignment. Failure to declare dangerous goods can lead to prosecution, heavy fines and imprisonment.
